FFS was one of the greatest experiences I have ever had. I took part in the Legal Studies program and could experience international perspectives on Law, as we had colleagues from all over the world. In the seminars very interesting and contemporary topics were debated and the professors were always very helpful. Thanks to the Summer School Team we had a fantastic summer in Frankfurt.

Those days gave me unforgettable experiences which I will remember for all my life. The teachers were helpful and professional while the classmates from all over the world were friendly and enthusiastic. I did not only get to know psychology and »Deutsch« but also the unique German culture and European culture. If I had another chance without hesitation I would choose the FSS program again.

If I were to say something about my experience in Frankfurt Summer School, it is definitely the quality and knowledge of German teachers. They encourage discussion about every topic, taking advantage of the variety of cultures and legal systems that were represented in the Programme. As a Latin American student it does not only change the perspective of Continental Law.

Frankfurt Summer School is so far my best experience of travelling, studying and going abroad at once. I am so glad I came to Frankfurt! It was not only four weeks of studying. The most important thing for me was meeting people from all over the world with different experiences and views of life and worldviews.

## CITY OF FRANKFURT

Frankfurt is a place like no other. With 750.000 inhabitants Frankfurt is the fifth-largest city of Germany and one of the biggest European hubs for finance, culture, academic education, tourism and transportation.

Today it is the most international German city. The open and hospitable atmosphere in Frankfurt stems from its centuries-old role as an international trading centre. This liberal and democratic tradition of the city may be one reason for the fact that people from very diverse cultures have lived here in peace with one another for a long time. They have all contributed to making this city shine slightly different from every angle.

## CULTURAL PROGRAMME
